Matt,

I spoke with Andy and he said you were taking lead on the Luis Marquez action at the beginning of the day. I have found video from Tiny posted on Patriot Prayer / Joey Gibson's facebook page of the victim speaking. His first name is Cary, but I have not found him on social media in my quick search. We could probably reach out to Tiny to get him to call Detectives if we want to get his statement.

If you find the video, he is in it about minute 18.

Subject: RRT Pre-Event Warning
Date: Wednesday, June 6, 2018 9:21:00 AM

All,

I wanted to alert you to another RRT call out most likely occurring on June 30th. Joey Gibson and his Patriot Prayer group are very upset at how the event last Sunday was handled and they were treated. He is calling on all of his supporters from across the country to come into Portland and support his efforts. I am sure Antfia / Anarchist will ramp up again as well.

Planning has not even begun yet, but this could be a larger rally than Sunday. I know we have been asking a lot of you for Rose Festival, and many of you have pulled multiple shifts on top of your regular duties. But I want each of you to try and clear your calendar for this day. I only had about 14 people say they were available last week for the protest. I want RRT to be the primary team responding to these events in the City and not count on MCSO or others to have the bulk of the squads. I also want to look at being able to provide the CMIC and Ops Chief with an option for one or two hard bikes squads after what we saw last week.

I appreciate the sacrifices you make to keep this team going. I will keep you updated as more information is learned and our role defined.

I have been looking on line at social media and as of yet no counter protest has been posted. I would not count on this being the case.

I spoke with Joey last night and he plans on marching.

Central Precinct will once again not be able to manage this event and will need resources from throughout the City. I would recommend requesting a CMIC be appointed and the planning process begun.

All,

This event may be of concern for Central Precinct and City Hall on Sunday. It will be on the event calendar but I wanted to get an early heads-up to you. We will attempt to find out more information about numbers, counterdemonstration(s), etc.

Sunday June 10, 2018: [Demand Justice And Action From Portland City Hall](#)

Time / Location: 1:00 – 4:00 p.m. / Portland City Hall

Organizer: [Oregon Patriot Response](#) and four others.

Known Threat: None.

Attendance: Unknown.

Notes: This event is in response to June 3 protest activity. Organizing groups seem to align

with Patriot Prayer and affiliates, upset with lack of enforcement against ANTIFA affiliates. Historically, when these groups come into Portland, ANTIFA affiliates respond and there is violence between the groups.

This event on June 30 is potentially going to be significant and we will continue to assess:

Saturday June 30, 2018: [Freedom & Courage Rally](#)

Time / Location: 4:00 – 7:00 p.m. / Terry Schrunk Plaza

Organizer: [Patriot Prayer](#) and [Joey Gibson for U.S. Senate](#)

Attendance: Per Facebook, 188 people (expected to grow significantly)

Known Threat: Assessment in progress.

Notes: This event has indicators of being significant. According to the organizers, groups from Washington, Oregon, California, Arizona, Texas, Massachusetts, and Florida have confirmed they are planning to attend. Organizers are planning a march in the streets in addition to the rally. Historically, when these groups come into Portland, ANTIFA affiliates respond and there is violence between the groups.

Pete,

Here's the link that explicitly explain the history of hate from proud boys and other groups inspired by Joey Gibson, and his own people as well.

[Patriot Prayer and Proud Boys roll into Portland ready for a fight](https://www.splcenter.org/hatewatch/2018/06/06/patriot-prayer-and-proud-boys-roll-portland-ready-fight)

On Sunday evening, Republican U.S. Senate candidate Joey Gibson — who has long insisted that his Patriot Prayer organization's rallies are

www.splcenter.org

I gotta go and eat my dinner right now but I will do more research and share those links why I am concerned regarding public safety at Pride event this weekend.

It is not just that but from my own personal experience from last year where I witnessed them preaching HATE against LGBTQI outside the festival where I had

to call and request Portland Police to send them home. Police said they can't do anything because it is freedom of speech as long as they stay outside the festival. If they tries to enter the festival, they will be arrested but see, there was only one police officer who I talked to addressing my concern, so it seems to me that PPB may be unprepared, but readily available "on the fly". I believe we can do better if we had some sort of a game plan ready.

From my training experience with police, I have an idea, a game plan in PREVENTING from this happening, meanwhile building trust. I just wanted to know how many police officers are assigned for Pride event? Is there a game plan? Will we get protection? Will we be protected? Who is the point person in overseeing this operation? Can I have a communication with this point of person? It is an opportunity for PPB to work with activist organizations in collaboration. We all must work together and make sure hate stays out of our Pride event.

Pride event was inspired from gay civil rights movement way back in the 1970s in New York where police harassed Gay people, Trans people, and drag queens. They, one night, decided to fight back against police which sparked our gay civil rights movement. This is a huge victory and historic, which is important for us to celebrate our freedom, our civil rights and those who suffered. Proud boys and their intentions are to infiltrate our event. This is unacceptable. They want to harm us, raise hell and start fights. They do not belong here at Pride. This is not what we are here for. This is an opportunity for all of us to work together and ensure public safety for our Pride event.

I will email you back later on pictures I have drew of how this game plan looks like in my head that might help prepare officers deal with proud boys. I will send more links which directly points out my concerns. Again, this depends on how many officers are assigned for this Sunday Pride event, how long will they be assigned, etc. I know it is something that is handled by appropriate authorities however because of what I witnessed last year Pride, I was not impressed with how they handled it. Thankfully the public pressured the proud boys to leave without hurting anyone. This year, I am seeing their vows in threats against us. This worries me. Like I said before on phone, I am willing to work with you and our community. Thank you.

Hello all,

Just info that I spoke to David Machado over the phone this afternoon. He plans to talk to Joey tonight and they will start making a plan for the march. They want to create a designated march route and share it with us ahead of time. They are eager to avoid the brawls of last time. They're also concerned about their safety as their people try to leave at the end of the event. David said he has already made a plan with Commander Luis Lopez of FPS for a safe zone to load up at the end.

David has agreed to meet me at East Precinct next Friday, June 22, at 11:30am. It's primarily a chance for he and I to meet face to face so we can work together the day of the protest. I'm sure he wouldn't mind if CIU or anyone else wanted to attend as well. Just let me know.

LT Niiya,

I received your email from PPB Officer Brian Hubbard. I have a contact with Patriot Prayer that is interested in coordinating with PPB for the rally they are planning in Portland on June 30th. The contact, David Machado, has been put in touch with Luis Lopez at the Federal Protective Service. Are you still managing special events for PPB? If so, can I provide Machado with your contact information? If not, can you send me the name of the correct person? Thank you.

Joey Gibson added 3 new photos.

Shuttle announcement!

The bus will be picking people up at 108 Grand Blvd, Vancouver, WA 98661. If you look at the two satellite photos there is a red circle along the road and side walk where people will load onto the bus. There will be armed security on the public sidewalk and the Vancouver Police are aware that we are going to be there. As most of you know the Vancouver Police do not put up with masked criminals like they do in Portland. Look for American Flags.

Approximate Shuttle Schedule:

2:00 pm

2:40 pm

3:20 pm

It is highly encouraged to ride the 2 pm shuttle because it will be the safest when dropping off at Terry Schrunk Plaza. If a bunch of people just show up for the 3:20 shuttle there might not be enough space. Better to show up early.

Parking: There is a giant parking lot next to the drop off spot and is extremely busy so it will be hard for people to go after your car but it isn't a guarantee. People with flags and other obvious items are parking about a mile away and taking Uber in or just get dropped off by a friend.

People not taking the Shuttle

Those coming into the park on their own should stay away from the north end

of Terry Schrunk Plaza and go straight to the South East corner of the park to check in. There will be a lot of security outside of the park on city sidewalks legally armed to help anyone walking from the south.

Final note: Every aspect of this plan is meant to accomplish 2 things.

#1 To keep everyone safe

#2 To get as many criminals arrested as possible in both Portland and Vancouver

So follow the directions closely and listen for direction when we are in the park and on the march. We are using several different plans tomorrow to use their criminal tactics/habits against them so they will end up in jail while we have a safe and fun experience.
